

Bickerstaffe CE School
SEN policy and information report

*At Bickerstaffe C.E School our motto is Love life, Love Learning and Love Each Other.
Our Curriculum intent aims to educate today's children for tomorrow's world. Our Curriculum is inspired by our Christian Vision and mission statement which endeavours to equip everyone to live life in all its fullness.*

Our progressive and ever-evolving curriculum responds to the needs and interests of our children, focusing on inspiring and providing opportunities for mastery of knowledge in our local, national and global arenas, to take them beyond the classroom; creating future writers, mathematicians, artists, musicians, historians, scientists, engineers or whatever their hearts desire.

We pride ourselves on knowing that each one of our children are different, unique and special in their own right and that they leave our school with amazing memories that will last a life time!

We do this through:

- *Valuing pupils individuality and worth in a Christian atmosphere;*
- *Providing opportunities and access to the National Curriculum programmes of study for all children;*
- *Ensuring a breadth and balance to the curriculum followed by all children;*
- *Ensuring continuity and progression in teaching and pupil achievement;*
- *Providing a curriculum which is relevant and adaptable to the needs of children;*
- *Ensuring appropriate support to aid learning;*
- *Working in partnership with parents to improve educational achievement.*
- *Ensuring each child reaches their potential within a wide range of activities.*

More explicitly this policy will:

- *Set out how our school will support and make provision for pupils with special educational needs (SEN)*
- *Explain the roles and responsibilities of everyone involved in providing for pupils with SEN*

2. Legislation and guidance

This policy and information report is based on the statutory Special Educational Needs and Disability (SEND) Code of Practice and the following legislation:

- *Part 3 of the Children and Families Act 2014, which sets out schools' responsibilities for pupils with SEN and disabilities*

Approved by: Full governing body Autumn 2022

Next reviewed: Autumn 2023

- The Special Educational Needs and Disability Regulations 2014, which set out schools' responsibilities for education, health and care (EHC) plans, SEN coordinators (SENCOs) and the SEN information report

3. Definitions

A pupil has SEN if they have a learning difficulty or disability which calls for special educational provision to be made for them.

They have a learning difficulty or disability if they have:

- *A significantly greater difficulty in learning than the majority of the others of the same age, or*
- *A disability which prevents or hinders them from making use of facilities of a kind generally provided for others of the same age in mainstream schools*

Special educational provision is educational or training provision that is additional to, or different from, that made generally for other children or young people of the same age by mainstream schools.

4. Roles and responsibilities

4.1 The SENCO

The SENCO is Alice Hunter

They will:

- *Provide professional guidance to colleagues and work with staff, parents, and other agencies to ensure that pupils with SEN receive appropriate support and high-quality teaching*
- *Advise on the graduated approach to providing SEN support*
- *Advise on the deployment of the school's delegated budget and other resources to meet pupils' needs effectively*

4.2 The SEN governor

The SEN governor will:

- *Help to raise awareness of SEN issues at governing board meetings*
- *Monitor the quality and effectiveness of SEN and disability provision within the school and update the governing board on this*
- *Work with the headteacher and SENCO to determine the strategic development of the SEN policy and provision in the school*

4.3 The headteacher

The headteacher will:

- *Work with the SENCO and SEN governor to determine the strategic development of the SEN policy and provision within the school*
- *Have overall responsibility for the provision and progress of learners with SEN and/or a disability*

4.4 Class teachers

Each class teacher is responsible for:

- *The progress and development of every pupil in their class*
- *Working closely with any teaching assistants or specialist staff to plan and assess the impact of support and interventions and how they can be linked to classroom teaching*
- *Working with the SENCO to review each pupil's progress and development and decide on any changes to provision*
- *Ensuring they follow this SEN policy*

5. SEN information report

5.1 The kinds of SEN that are provided for

Our school currently provides additional and/or different provision for a range of needs, including:

- *Communication and interaction, for example, autistic spectrum disorder, Asperger's Syndrome, speech and language difficulties*
- *Cognition and learning, for example, dyslexia, dyspraxia*
- *Social, emotional and mental health difficulties, for example, attention deficit hyperactivity disorder (ADHD)*
- *Sensory and/or physical needs, for example, visual impairments, hearing impairments, processing difficulties, epilepsy*
- *Moderate/severe/profound and multiple learning difficulties*

5.2 Identifying pupils with SEN and assessing their needs

We will assess each pupil's current skills and levels of attainment on entry, which will build on previous settings and Key Stages, where appropriate. Class teachers will make regular, half termly assessments of progress for all pupils and identify those whose progress:

- *Is significantly slower than that of their peers starting from the same baseline*
- *Fails to match or better the child's previous rate of progress*
- *Fails to close the attainment gap between the child and their peers*
- *Widens the attainment gap*

This may include progress in areas other than attainment, for example, social needs.

Slow progress and low attainment will not automatically mean a pupil is recorded as having SEN.

When deciding whether special educational provision is required, we will start with the desired outcomes, including the expected progress and attainment, and the views and the wishes of the pupil and their parents. We will use this to determine the support that is needed and whether we can provide it by adapting our core offer, or whether something different or additional is needed.

5.3 Consulting and involving pupils and parents

We will have an early discussion with the pupil and their parents when identifying whether they need special educational provision. These conversations will make sure that:

- *Everyone develops a good understanding of the pupil's areas of strength and difficulty*
- *We take into account the parents' concerns*
- *Everyone understands the agreed outcomes sought for the child*
- *Everyone is clear on what the next steps are*

Notes of these early discussions will be added to the pupil's record and given to their parents.

We will formally notify parents when it is decided that a pupil will receive SEN support.

5.4 Assessing and reviewing pupils' progress towards outcomes

*We will follow the graduated approach and the four-part cycle of **assess, plan, do, review**.*

The class or subject teacher will work with the SENCO to carry out a clear analysis of the pupil's needs. This will draw on:

- *The teacher's assessment and experience of the pupil*
- *Their previous progress and attainment or behaviour*
- *Other teachers' assessments, where relevant*
- *The individual's development in comparison to their peers and national data*
- *The views and experience of parents*
- *The pupil's own views*
- *Advice from external support services, if relevant*

The assessment will be reviewed regularly.

All teachers and support staff who work with the pupil will be made aware of their needs, the outcomes sought, the support provided, and any teaching strategies or approaches that are required. We will regularly review the effectiveness of the support and interventions and their impact on the pupil's progress.

5.5 Supporting pupils moving between phases and preparing for adulthood

We will share information with the school, college, or other setting the pupil is moving to. We will agree with parents and pupils which information will be shared as part of this.

All pupils will have transition sessions at their new school, however for those children with additional needs we will ensure additional transition sessions in partnership with their new setting. We will also hold review meetings in the summer term where representatives from their new setting will be invited.

5.6 Our approach to teaching pupils with SEN

Teachers are responsible and accountable for the progress and development of all the pupils in their class.

- *Adapting our resources and staffing*
- *Using recommended aids, such as laptops, coloured overlays, visual timetables, larger font, etc.*
- *Differentiating our teaching, for example, giving longer processing times, pre-teaching of key vocabulary, reading instructions aloud, etc.*

5.8 Additional support for learning
